Profile

I am a motivated, responsible, and adaptable second-year Information Technology student seeking a position where I can utilize my recently acquired skills. I'm currently working at K-Market Torinranta and Sale H  yhty  , where in both I work as a part-time cashier in addition to my studies. I would describe myself as a very positive person who is customer-oriented when it comes to work and enjoys learning new skills. My greatest achievement so far is getting into Oulu University of applied sciences to study my dream field: Information Technology.

Employment History
